

Jason Buck

My Personal Qualifications and Experience

Jason Buck is a lifelong resident of Palos Verdes and enjoys the history and culture of the peninsula. Growing up by the Pt. Vicente lighthouse, Jason learned about the hill roaming the plains under city hall and wading through the tide pools at the bottom of the cliff. Jason has also had the opportunity of traveling through Europe, Central America, Mexico, and Australia, and Costa Rica. His travels have opened his mind to various cultures and experiences allowing him to understand and appreciate the different lifestyles around the world. After managing a family business and installing hardwood floors, Jason realized a natural ability of hosting clients in the town he was raised. “It was really easy for me to show visitors the peninsula and entertain them with the numerous attributes and specialties the hill has to offer,” he said after showing a prospective buyer a few Palos Verdes homes. “Many people have no idea that a PV oasis exists, and I know a lot of the hidden secrets that keep this place special.” Jason has received a Certified International Property Specialist designation from the National Association of Realtors and is expanding his business to International markets. His goal is to find solid relationships that support win/win situations for both client and agent.

This year I was nominated as the Co-Chair for the International Committee at the PV Board, and I am a YPN member at the Board and PV Chamber of Commerce. I volunteer for several organizations, and I am an Eco-Broker practicing conservation daily.

I had the opportunity of traveling through Europe, Central America, Australia, and Mexico which has opened my mind to various cultures and experiences allowing me to understand and appreciate the different lifestyles around the world. I have found a career in real estate and have expanded my market knowledge worldwide. I travel to Costa Rica and Panama several times a year and have built a large database of clients and associates to work with around the world. I started as a curious surfer, and have

created opportunities along the Pacific Coastline from Nicaragua to Panama. "We Deliver Dreams" is a slogan I created in order to facilitate moving into Central America. There are some incredible opportunities for Income property, Second homes, land, beachfront homes, and especially retirement options. I would be happy to share my knowledge and experience with you to help you make a great decision.

My lifelong passion with music began as a local teenager, and I performed at my high school Winter Formal Dance with my band Neopolitan. I have always had a fascination with different styles of music. In November, 2005, I had one of the most rewarding experiences of my life joining a musical group called "No Boundries." This group is comprised of disabled musicians and performs at various events with organizations such as Easter Seals and the Special Olympics. Initially, they contacted me to provide a cd record in my home recording studio. I was then invited to participate in the band as the guitarist and "seeing the importance of it all" was honored to participate. In February 2006 the band got a big break with a donation from the Gibson Foundation along with Coldwell Banker. They sponsored the band to travel to China through WACE, World America Cultural Exchange and performed in Beijing and Shanghai, including a concert on Great Wall of China. I still work in the studio helping artists find their creative energy in my peaceful environment here in Palos Verdes.

With great experience in Palos Verdes Estates - South Bay - South Bay, Rancho Palos Verdes, Rolling Hills, Redondo Beach, Hermosa Beach, Manhattan Beach, Hollywood Riviera, San Pedro, and Torrance real estate as well as intimate local area knowledge, I work extensively to help buyers and sellers meet their real estate goals.

If you are looking to buy or sell a home or would just like to know some more information, feel free to call or Email me.

As a listing agent in Los Angeles County, my extensive marketing plan gives a homeowner the opportunity to get the maximum value for his/her property.

For buyers, I help negotiate the best possible deal and search until I find the perfect property. Nothing satisfies me more than seeing the smiles that come with a successful sale or the purchase of a lifetime.

Thanks again for choosing Jason Buck as your on-line real estate source and Worldwide Property Specialist.
